## WELCOME TO FALL SOCCER 2008

Welcome to the Fall 2008 Soccer Season at the Titusville Soccer Club. It has been a very busy summer getting ready for the season. We had a successful Coerver Soccer Camp, which I recommend that you sign your children up for next summer. Also, we hosted a Youth Module coaching class. In addition, your Board of Directors have been busy with Registration, or-

dering uniforms, scheduling tryouts and games, and getting the fields ready for another great season, among many other things. Please give a big thank you to all of these volunteers for their hard work. This year we have over 40 recreational teams and 12 competitive teams representing TSC! The Chain of Lakes Complex continues to mature with the help of the folks at Parks &

Rec., and by hosting the DC Cup Finals in May; our facility received high marks from players, parents and our BYSL representatives from throughout the County. They saw the jewel we call our home and I think they were impressed not only with the fields, but the hospitality that was shown. I hope you all have a great time this Fall. ## Competitive Teams Playing at Home

TSC is proud to say that we have **12 Comp Teams** playing this season. They range in age from U9 to U17. It would be a great soccer experience for your children to watch a game and of course cheer for our Club.

We have the following games scheduled to play at home this weekend.

Saturday, September 6

12:00—U14 Co-ed (Vrotsos) Field 2

2:00—U14 Girls (Mauzy) Field 2

4:00—U14 Co-ed (Mosdell) Field 2

Sunday: 3:00 U11 Girls (Didden) Field 4

**Before you criticize**, have you taken the time to volunteer today? We are always looking for volunteers. Email the Club or contact a Board Member if you are interested in helping in any way.

**Dylan Nobles "You are a Winner"**, collect your prize at the Concession stand.

## ADVANTAGE: THE "PLAY ON" RULE

You've seen it many times. A player is fouled—tripped, pushed - but the referee does nothing. You wonder if he has missed it, doesn't agree it's a foul, or has opted out of a decision. Look closer and you may find that in the majority of cases the referee has made excellent judgments of the "advantage clause" of Law 5. In effect, the referee is allowed to set aside the written rule to apply the spirit of fair play *by* not stopping the game if it is to the advantage of the offended team. He may go back to the original offense if the advantage is not immediately realized. "When is it applied?" Much depends on the attitude and conduct of the players. Some games can *be* allowed to flow. Others need firm control to cut rough play or misconduct. In these games advantage is applied more sparingly. An example of this is when a player has a good scoring chance and is tripped but looks to be able to continue, the referee may call "Play on" and signal. If he falls then the referee may stop the game for a free kick. For Laws of the Game, visit [USYOUTHSOCCER.ORG](http://USYOUTHSOCCER.ORG)

**Coaches and Team parents: Send in your team highlights to be put in the Striker. Remember it doesn't have to be a lot. Take the time to brag about your players and their 'Hat Tricks' or their first goal. We love to read about all the great plays and so do the kids.**

**Gayle Krisingha, "You are a Winner"**, be the first to collect your snow cone at the Concession stand.

## SOCCER TRIVIA QUESTION

**This weeks question:** The USA Women's Soccer team recently competed in the 2008 Olympics in Beijing. What country did the Women's team play against for the Gold medal? What was the final score?

Send in your answer to: [debdiesch@cfl.rr.com](mailto:debdiesch@cfl.rr.com) by Monday evening. The first person with a correct answer will win a prize from the Concession Stand.
